

ROADFREIGHT detailed information

For freight distribution across Europe on airfreight traffic or specifically road orders, we can arrange collections and deliveries using special dedicated trucks and vans or next day services.

Same Day Delivery:

For urgent deliveries we can arrange for a driver to pick up your load and deliver it to almost any location in the Benelux within 24 hours.

Next Day Delivery:

For regular movements we aim to collect the day after you make the order and deliver the following day.

Vehicle Capacity:

We can provide motorcycle couriers, 1000kg vans, 15 ton trucks, articulated lorries, lower riders and just about any other vehicle to suit your requirements. Vehicles can be equipped with roller beds, refrigerated compartments, hazardous goods provisions and air-ride beds etc.

Warehousing & Packing:

We can provide warehouse facilities across Belgium as well as packing services, labelling, marking, and palletisation.

Just In Time Distribution:

We will provide road transport when you need it in support of daily, weekly or monthly delivery schedules.

Mixed Products/Deliveries:

For clients with multi-line requirements we can cater for single deliveries. In addition we can arrange for shipments to be split down for multi-delivery points if required.

Collections:

We can deliver containers to your door for loading or unloading, provide tailgate lifting facilities or you can load your own vehicles and deliver to one of our reception points. We can arrange for the most appropriate vehicle to be made available, be it motorcycle, van, flat bed, tail lift truck or curtain sided articulated lorry.

Hazardous Goods:

We can collect and deliver hazardous goods from the following categories across Belgium using our extended network of agents:

Class 2 - Gases

Class 3 - Flammable Liquids

Class 4 - Flammable Solids

Class 5 - Oxidising Agents & Organic Peroxides

Class 6 - Toxics

Class 8 - Corrosives

Class 9 - Miscellaneous

Class 1 – Explosives - on demand

Courier Services:

We can arrange for couriers to deliver documents and letters where required either as a one-off or as part of a larger distribution program including express, overnight, same day, deferred and overseas services.

Specialist Loads:

We can handle outsized and abnormal loads that require low loaders or extendable trailers and can arrange for special permits and police notification. We can also manage project tours around Belgium in support of exhibitions, concerts, shows and promotional campaigns.

Refrigeration/Temperature Control:

Food and medical supplies that require refrigeration can be catered for. We have refrigerated trucks and temperature controlled vans of our own, use fully accredited transport companies and can provide cold storage warehouse facilities if required.
